

# MIDDLE AND HIGH SCHOOL PARENTS:

*DO YOU KNOW ABOUT FACTS.org, EPEP and HIGH SCHOOL MAJORS?*

Facts about careers and education:

By the year 2010, 85% of jobs will require some type of post-secondary education.

It is projected that 60% of careers available by 2020 do not exist today.

Now, more than ever, it is important to plan, and plan early. FACTS.org has the tools to help.

"An investment in knowledge pays the best interest."

FACTS.org is Florida's official state advising web site. Middle school and high school students can use the tools on FACTS.org to plan their academic and career future.

### Middle School:

- Explore careers and plan high school classes to help get ready for a career using the electronic Personal Education Planner or ePEP
- Explore and plan for a high school major area of interest
- Learn what classes are offered at their future high school

### High School:

- Plan high school classes using ePEP
- See grades and track progress toward meeting requirements for:
  - Graduation
  - Bright Futures and other scholarships
  - State University Admissions
- Learn how to earn college credit while in high school
- Access information on Florida college and degree programs
- Apply for college
- Apply for financial aid

FACTS.org is sponsored by the Florida Department of Education and the Florida Center for Advising and Academic Support.
